Schedule of Courses—Summer 2015

Explanation of Course Numbers

The Boston College Course Number consists of ten characters. The first four characters (alphabetic prefix, e.g., "ACCT") indicate the department or program offering the course; the last two characters indicate the section number. The middle four digits indicate the level of the course. When listing courses the entire ten-character symbol must be used as well as the four digit INDEX number which appears to the left of the section number. For example: 7465 ACCT1021.

Meeting Days

The meeting days of each class are listed in this booklet as follows: M=Monday, T=Tuesday, W=Wednesday, Th=Thursday, F=Friday.

Capstone

No student may take more than one Capstone seminar during higher undergraduate years. This is true whether the course is listed under UN courses or as a course in a specific department. If a second Capstone course appears on your record, it will be removed. This could make you ineligible for graduation.
